

Peer Feedback Template

One of the best ways for people and business to improve at their skills is through qualitative feedback. You have been paired with another team to read each other's project idea / outline and give each other feedback to improve and reflect on the idea . To provide usable feedback to your paired team, please fill out the below template.

Once you have completed this please submit the form to the Resources website.

Your team number:	Peer team number:
Your team name:	Peer team name:
What did you like about the team's business idea?	
What areas of the business idea would you like to know more about?	
Thinking about the problem the team are trying to solve, do you think that this business idea would be a viable solution?	
What can the team improve about their business idea?
